Prayer for Vocations

Faithful God,
Creator of all that is good in our world
and within our hearts,
awaken in each of us the seeds You planted at our birth:
seeds of integrity, compassion, peace, love,
and service to all creation.
As we grow and flower, may we claim our role
in discovering and uncovering
Your kingdom here on Earth.
Quicken the hearts of those women among us
whom You have called
to a special passion for Your Word,
to simplicity of life,
to single-hearted dedication to Your people,
and to vigilant attention
to the movement of Your Spirit within them.
May they, by choosing a life of community
and prayer in religious life,
follow in the footsteps of the many Sisters before them
who have blazed a trail of justice hope and peace
throughout a hungering world.
Amen.
