

DREAMers need YOU to urge your Representative to sign the discharge petition.

WHY?

- Because two-thirds (67%) of Americans favor allowing immigrants brought to the U.S. as children to gain legal resident status if they join the military or go to college. That includes 79 percent of Democrats; 70 per cent of independents; and a majority of Republicans (51 percent). ([August 2017 survey by PRRI](#))
- Because the Dream Act 2017 is the only truly bipartisan, bicameral piece of legislation that will solve the problem the President created when he rescinded DACA.
- Because it's supported by DREAMers, members of the faith community, and people like you—the Representative's own constituents.
- Because overwhelmingly, Members of Congress believe it is wrong to deport immigrant youth.
- Because it's the right thing to do. The Dream Act 2017 is consistent with our history and our values. To deny us a vote on the Dream Act 2017 is to deny the American Dream.

NOW is the time for us to ACT. Our faith demands that we stand with DREAMers and urge our Members of Congress to sign the discharge petition and give the Dream Act 2017 a vote!

The message is simple:

I'm your constituent from [City, State]. I support DREAMers and strongly oppose President Trump's decision to terminate the Deferred Action for Childhood Arrivals (DACA) program. I urge you to cosponsor the House discharge petition which discharges H.R.1084, the "Today's American Dream Act" and substitutes the text of H.R.3440, the Dream Act of 2017.

It's time for all those who say they respect and support DREAMers to step up and take a vote on the Dream Act 2017. My community welcomes our immigrant neighbors and calls on you to do everything in your power to protect undocumented youth. Can I count on the Representative to sign the discharge petition and vote YEA on the Dream Act 2017?
