

Mid-Week Special

For those who can get away during the week we offer the same package at a reduced rate. Enjoy the same opportunities for only **\$200** per person.

Bring Your Group

Do you have a special small group that you want to share time together for a weekend get-away? They might be a book group, a craft group, soul-friends, clergy or just good friends or family.

Design the retreat that fits your needs. We can accommodate up to seven with some shared rooms. Use this package offering as a guide for planning what you would want us to provide.

You might just want a day experience with meals or you might want to provide your own as we have a full kitchen in our guest house and picnic facilities on our grounds. Call to make arrangements—we can provide your group with a very special, nurturing experience.

The resident community of Heartland Farm is committed to a strong Care of Earth ethic. This is expressed through choices both personal and communal which respect the health of the planet.

The farmstead complex includes a guest house for individuals or small groups, homes for the resident community, a 100-year old barn, office space, a massage studio, gift shop and space for our alpacas and chickens. A straw bale arts studio includes a pottery and fiber arts space and a more remote straw bale hermitage offers off-the-grid solitude.

How to find us: Though we have a Pawnee Rock address, we are really located in Rush County so do not rely on Internet directions. **From Great Bend:** Take 10th Street west from Patton Rd. (4-way stop) which becomes Barton County Rd west for 13 miles. When it enters Rush County it is a gravel road. Continue to the first crossroad, CR 390, turn left (south), go 1/2 mile to our mailbox on the right, turning right on to our driveway. Please call or e-mail for directions from other locations.
