The True Cost: Stories of Human Trafficking, written production by Jenny Magnus performed by Still Point Theatre Collective, a Chicago non-profit, gives voice to the forgotten ones: the people who are forced into sexual servitude; the children who are exploited for slave labor; the adults who are lured into domestic labor that turns out to be entrapment.

Following the production, there will be a post-show panel discussion with local experts and activists.

This event is sponsored by the Dominican Sisters of Sinsinawa Anti-trafficking Committee of Madison, WI.
