Nov. 7**

PREACHING TRUTH

We invite you to:

- Pray the prayer below daily
- Commit to one act of daily fasting for truth to rise above the false narratives that lead to injustice
- Invite others to join you

These times, when truth-telling is often overridden by false narratives, are most disturbing. Let us add prayer and fasting to our response to promote truth, something all can do.

Please share widely.

Generous God, I pray for this country. I pray for truth to take the place of repeated lies. I pray for truth to be told so justice can take root in the hearts of all of us, so that all might benefit from the freedoms this country promises. I pray that truth lead the way to remove the fear that encircles those who benefit from privilege and that fear be replaced by the assurance that justice brings peace. May the impasse we see in governing hidden behind false claims be replaced by action for the common good. May voters be encouraged to cast their ballots, not driven from the polls by restrictive measures not based in fact. May truth and justice take root in all of our hearts. I ask this in Your name. Amen
