

3rd Sunday of Advent

Image 1: Volunteers joined Shepherd's Corner Ecology Center to plant native plants in and around the newly restored wetland and prairie.

Image 2: St. Catharine Farm at dusk. St. Catharine Farm was recently placed into a trust to preserve it as natural land forever.

Lighting the Way IN PEACE

Peace with our Planet

God of all that is, all of creation speaks your goodness. Open our eyes and ears to see and hear that goodness all around us. As we look forward to your coming at Christmas, help us to look around and find you already here in the gift of creation. Teach us to reverence all that you have given us in creation and help us to finally make peace.

Dominican Sister of Peace
Maxine Shonk, OP

Helping our planet live PEACEFULLY
by stewarding our land with care, making
every attempt to live gently and reduce
our footprint for generations to come.
